## RE: PRICE INCREASE NOTIFICATION

Dear Valued Customer,

As a result of the recent global developments, Struktol Company of America has seen significant cost impacts on its supply chain globally, ranging from energy to critical raw materials to logistics costs.

In order to support continued product quality and maintain reliable supply, SCA must implement a pricing adjustment, effective on all orders shipped on or after April 20, 2026.

The details of this adjustment are as follows:

- **Adjustment:** Price increases will range from **\$0.02 to \$0.28 per pound**, depending specifically on the product and its raw material composition.
- **Effective Date:** This increase will apply to all new orders and previously confirmed orders, scheduled to ship on or after April 20, 2026.

Your Struktol Sales Manager is available to discuss any impact on your specific orders. You can also expect a formal written update in the coming days.

We truly appreciate your business and remain committed to doing everything we can to minimize the impact on your operations while fulfilling your orders as quickly as possible. SCA will continue to monitor any future developments closely ensuring to correctly reflect those in our product pricing.

Best regards,

John Ohradzansky  
Director of Sales and Marketing  
Struktol Company of America
