

STRUKTOL[®] VLB-701

PROCESSING ADDITIVE

COMPOSITION

Proprietary blend of fatty acid derivatives.

<i>PROPERTIES</i>	<i>TYPICAL VALUES</i>
Appearance	Off-white powder or pastille
Dropping Point (°C)	100 - 110
Specific Gravity	1.009
Storage Stability	At least 2 years under normal storage conditions
Packaging	55 lb. bag

RECOMMENDATIONS FOR APPLICATION

STRUKTOL[®] VLB-701 is a blend of an ester and a metal soap. It is an excellent internal lubricant for rigid PVC film and sheet. It improves flow characteristics and can be used in clear applications. STRUKTOL[®] VLB-701 is particularly useful in calendered products.

DOSAGE

0.3 – 0.8 phr
