

MELT FLOW

MODIFIERS

Low Odor!

Melt Flow Modifiers with Low Odor for Polypropylene

STRUKTOL® VMO series products will provide the ability to adjust the melt flow of PP which will result in faster throughput rates and ultimately cost savings.

BENEFITS:

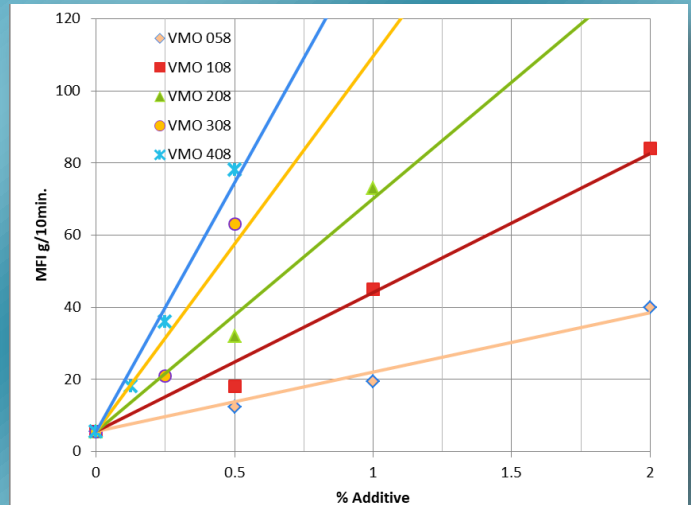

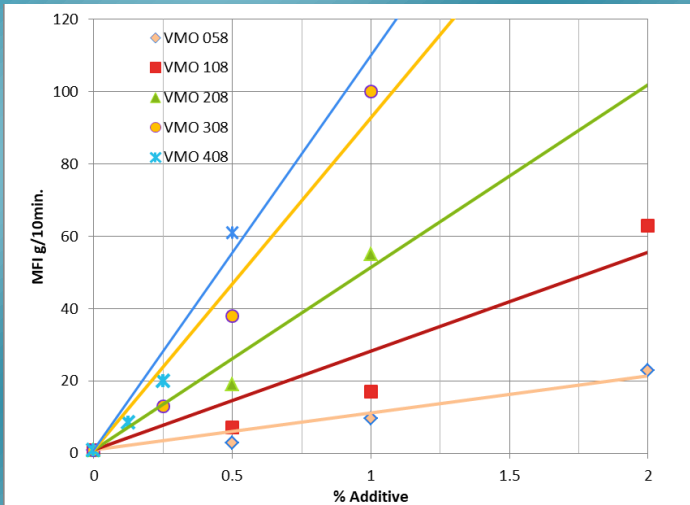

- ✓ Low Odor
- ✓ Easy to handle pastille form
- ✓ Masterbatch using STRUKTOL® Processing Additives
- ✓ Ability to use PP with PE contamination

Melt Flow Index Comparison

In 0.7 MFI PP
